

WEST LONDON ETHICAL SOCIETY.

EIGHTEENTH ANNUAL REPORT,

JANUARY, 1911.

THE scope and success of the Society's work in 1910 can best be seen in the pages of this Report recording the year's lectures and classes, and in the List of Members. The Committee considered it wise to devote almost the whole of its efforts during the year to organising the Society's regular activities under the conditions resulting from the removal to a new place of meeting. The change to a new district inevitably meant that many who had been used to attending the Society's meetings at the Kensington Town Hall would now find attendance less convenient, and would cease to remain in membership. It was a matter for great regret that any members should thus be lost, but the Committee determined that the numbers on the membership roll should not show a decrease at the end of the year, if this could be avoided. Success in this connection has been achieved. Every member who has withdrawn from the special cause mentioned, as well as from the causes always operating in a Society whose membership is widely scattered, has been replaced. The number of subscribers, indeed, stands at 445 as against 435 in the previous year's List. One hundred and twelve new members were enrolled in 1910. The Committee has, as usual, left on the List the names of members who have not subscribed during the year, but who have not formally withdrawn. These members are hereby earnestly requested on behalf of the Society to continue their support.

The Services.

The attendances at the Sunday and Wednesday Services, except during the extremely wet weather towards the end of the year, were well maintained, and the quality of the discourses delivered was uniformly of a high order. Dr. Stanton Coit, for whose frequent occupancy of the platform between January and July cordial thanks should be accorded, was later absent in America, and was greatly missed. The members will be glad to know that Dr. Coit has agreed to speak regularly throughout a great part of 1911.

Special Services were held as follows: February 5th, Woman Sunday; March 20th, evening, Service to Welcome New Members; May 29th, morning, Service for the Dedication of Children; October 2nd, the Society's Eighteenth Anniversary (this being also the nearest Sunday to the date of opening the Ethical Church); October 30th, Citizen Sunday. United Services were held on three occasions by the Union of Ethical Societies.

After eighteen months' work, our Organist and Choir deserve great commendation for the excellence of the music, and for their having acquired a large and suitable repertoire. Their efforts have contributed to make our meetings more beautiful and spiritually helpful than at any time in the past.

It will be remembered that one member of the Society undertook to pay the greater part of the cost of the music for two years. This period expires next June. Will not some member or members to whom the musical part of our meetings specially appeals come forward now with an offer to share the expense after that date?

The Portraits in the Vestibule.

Hearty thanks are due to our Chairman for his gift of the series of portraits of Ethical Prophets and Teachers placed in the Vestibule of the Church, with appropriate sayings from each inscribed on the frames. They serve excellently the purpose of indicating to all who come that we stand for a living, inspiring conception of the worth of the moral life. The portraits are those of Sir Thomas More, John Milton, G. F. Watts, Matthew Arnold, Lord Tennyson, John Ruskin, Mazzini, Robert Browning, Mrs. E. B. Browning, Sir Leslie Stephen (First President of the West London Ethical Society), Sir John Seeley, Professor Sidgwick, Professor Felix Adler (Founder of the Ethical Movement), and Mr. W. Mackintire Salter (Author of "Ethical Religion").

The School of the Humanities.

Seventy Class Lectures were delivered during the year, also ten Lantern Lectures by members: thirteen Conferences were held, also a class for practice in public speaking, and a circle for the reading of poetry. The receipts from classes amounted to £51, against £42 in the previous year.

Publications.

The Committee accepted for publication by the Society two new books by Dr. Coit:

Woman in Church and State, issued at Sixpence, and

The Spiritual Nature of Man, issued at One Shilling.

Both books have had a most encouraging sale.

The Union of Ethical Societies has recently undertaken the issue of a series of ethical pamphlets, and the Committee has therefore discontinued the publication of any further short essays.

Thanks are due to Mr. A. E. Cloake for having undertaken the considerable work involved in the sale of the Society's own publications.

Various Activities.

The attendance at the Children's Class on Sundays has doubled. The opening of the Lecture Room on Sunday afternoons for rest and conversation has proved a great boon to members. Cordial thanks are due to Miss Brooke-Alder and other ladies who have attended to the provision of tea and the welcoming of new comers. The Lecture Room is now open also from 7.30 till 8.30 o'clock on Wednesday evenings. Eight Social Meetings have been held on week-nights, also a Members' Concert. Under the direction of Mrs. Leechman and Miss E. B. Abrahams, two performances of the *Hippolytus* of Euripides were given by members and friends in the Lecture Room. The Tennis Club had another successful season. Several Members' Rambles were held.

The Day Nursery for the Children of Working Mothers, at St. James's Square, Notting Hill, continues to be supported and managed chiefly by members of our Society. There is need of more voluntary help, in the actual care of the children, from friends who are prepared to attend regularly at definite times. Members willing to assist thus, or to subscribe to the funds, should communicate with Mrs. Coit, Mrs. Homan or Mrs. O'Dell. As this is at present the only social work in which members of the Society, as such, are interested, the Committee heartily commends the needs of the Nursery to the Society at large.

Towards the end of 1909 the Committee, in hopes that Mrs. Coit's generous gift of the lease of the Church would enable the funds to bear a new expense, offered to pay an annual honorarium of £25 to the Hon. Secretary of the Nursery, who has to devote a considerable amount of time weekly to its affairs, and this sum appears in the accounts for the current year. In view, however, of the Society being still in debt, it has been decided with regret that this expenditure must be discontinued.

Finance.

A great burden was removed from the Society early in the year by the gift of £800 from a member in order that the loan contracted in 1909 might be paid off. The Society's deep gratitude is owing for this timely assistance.

In response to an Appeal from the Hon. Treasurer on behalf of the Committee, further sums amounting to about £150 were subscribed. The year's income from ordinary sources has been less than usual, mainly owing to smaller collections during the recent wet weather, and to the donations for ordinary purposes, always an incalculable item, being less than in recent years. It is necessary, therefore, again to urge members, especially those who have not made any special effort to help, to do all they can in 1911 towards clearing off the remaining deficit, which stood on December 31st at £440.

The Committee hopes that during the coming year it will be possible (a) largely to increase the number of members, and (b) to persuade all members who now give comparatively small sums to increase their regular contributions, and so assist in making the Society's income balance its expenditure.

Proposed New Rules.

The Chairman and Committee consider that the property of the Society should be made the subject of a trust, to ensure that it shall in the future be used only for the furtherance of the established Principles of the Society. In order that a trust-deed may be drawn up, it is necessary that the Rules should be revised. The Committee has prepared a draft of revised Rules, and an early opportunity will be taken of submitting them to the members.

Registration for Marriages.

The Church has been registered for marriages, and Dr. Coit and Mr. O'Dell have been appointed by the Committee, with the authority of the Registrar-General, to perform the marriage ceremony, and act as legal registrars. Three marriages have taken place at the Church.

Union of Ethical Societies.

The Annual Congress of the Union was held at the Hampstead Garden Suburb. The "Declaration on Social Problems" was discussed, and the Congress agreed, in deference to the views of a minority, that the Declaration should not be adopted as a Union document, but should be placed at the disposal of any affiliated societies which cared to adopt it. The representatives of our Society concurred in this decision.

The Union has undertaken new work in holding week-night classes similar to our own, in connection with various affiliated societies, and also training classes designed to provide the Movement with additional speakers. Our Secretary has rendered assistance by taking classes at Harringay, Greenwich and the Union's offices, as well as classes at the Church.

It is with great regret that the Committee records the death of Mrs. Saxton, who was a member of the Society for several years, and a very regular attendant at the Services and at week-day lectures.

RULES OF THE SOCIETY.

*Adopted July 9th, 1893, and amended January 28th, 1894, April 6th, 1897.
January 30th, 1904, February 5th, 1908, and January 26th, 1909.*

NAME OF THE SOCIETY.

I.—The name of the Society shall be THE WEST LONDON ETHICAL SOCIETY.

PRINCIPLES AND AIMS.

II.—*Our Principles are :—*

1.—The good life has supreme claim upon us, and this claim rests on no external authority, and on no system of supernatural rewards or punishments, but has its origin in the nature of man as a social and rational being.

2.—In practice the good life is to be realised by performing such duties as are commonly recognised and are morally acceptable, and, further, by fulfilling obligations not yet enjoined by the general social conscience.

3.—Since the claim of the good life upon us is supreme, the moral ideal must be set up as the object of religious devotion—religion being allegiance to an object to which supreme devotion is regarded as due.

Our Aims are :—

1.—To assist in developing the Science of Ethics.

2.—While leaving every member free as to the belief in the existence of a life after death, and of a reality beyond experience, to teach that we ought to make our moral ideas and our moral life independent of these beliefs.

3.—To emphasise the moral factor in all personal, social, political, national and international relations.

4.—By purely natural and human means to help men to love, know, and do the right.

5.—By membership in our society to gain the strength and inspiration that come from moral fellowship.

MEMBERS OF THE SOCIETY.

III.—The members of the Society shall be all those who sympathise with its aims, and who pay a subscription.

IV.—The Committee shall have power to remove names from the register of members, for some definite cause of offence, to be stated in the resolution removing them; the Committee's action being subject to an appeal to the Society.

OFFICERS OF THE SOCIETY.

V.—The honorary officers of the Society shall be :—

A President.

A Chairman and Organiser.

A Treasurer or Treasurers.

A Secretary or Secretaries.

An Auditor or Auditors.

VI.—The President, Chairman and Organiser, Auditor, and a Committee of twenty-one members, shall be elected annually at the Annual Business Meeting of the Society. The Hon. Treasurer and the Hon. Secretary shall be chosen annually by the Committee from its own members.

VII.—The election of Auditor and Committee shall proceed by signed nominations, forwarded fourteen clear days before the day fixed for the election to one of the Secretaries, who shall send a list of the nominations to each member entitled to vote, four clear days before the election. The election shall be by ballot. The President shall be elected by a vote of the General Meeting.

MEETINGS OF THE SOCIETY.

VIII.—The Annual Business Meeting of the Society shall be held in January, and one month's notice of the date shall be given to all members. Four clear days before the Meeting the Committee shall circulate a Report and Balance Sheet made up to December 31st. The consideration of these and the election of officers shall take precedence of all other business.

IX.—Special General Meetings may be called by request of the Committee or of twenty members of the Society, forwarded in writing to the Secretary, who shall summon such meeting within twenty-one days of the receipt of such request. At all meetings twenty-one members shall form a quorum.

X.—No business of which seven days' previous notice has not been given to the members shall be considered at any General Meeting.

XI.—The Chairman shall have only a casting vote. In case of equality, when the Chairman declines to give his casting vote, the previous question shall be considered as carried.

BRANCH SOCIETIES.

XII.—Other Societies may become branches of, or be affiliated to, the WEST LONDON ETHICAL SOCIETY, under conditions to be determined by the Society.

THE COMMITTEE.

XIII.—The Committee shall meet at least once a month during the working session. Seven members shall form a quorum.

XIV.—Vacancies on the Committee may be filled up by co-optation.

XV.—The Committee may appoint Sub-Committees.

XVI.—The reference to every Sub-Committee shall be laid down by the Committee in the resolution appointing it.

XVII.—The Committee may allow Sub-Committees to add to their number by co-optation, provided that the names of co-opted members be approved by the Committee, and provided that the Chairman of the Sub-Committee shall be a member of the General Committee.

XVIII.—If any question arise not provided for by these Rules, the Committee shall have power to act on behalf of the Society.

ALTERATIONS IN THE RULES.

XIX.—These Rules shall not be altered except by a majority of those present and voting at any General Meeting.

THE GENERAL OBJECT AND THE PRINCIPLES OF THE UNION
OF ETHICAL SOCIETIES,

To which the West London Ethical Society is affiliated.

The General Object of the Union is :—

To advocate the supreme importance of the knowledge, love and practice of the Right.

The Principles of the Union are :—

- (a) In all the relations of life—personal, social and political—the moral factor should be the supreme consideration.
- (b) The love of goodness and the love of one's fellows are the true motives for right conduct; and self-reliance and co-operation are the true sources of help.
- (c) Knowledge of the Right has been evolving through the experience of the human race: therefore the moral obligations generally accepted by the most civilised communities should be taken as the starting point in the advocacy of a progressive ideal of personal and social righteousness.
- (d) For each individual, after due consideration of the convictions of others, the final authority as to the right or wrong of any opinion or action should be his own conscientious and reasoned judgment.
- (e) The well-being of society requires such economic and other conditions as afford the largest scope for the moral development of all its members.
- (f) The scientific method should be applied in studying the facts of the moral life.
- (g) The moral life involves neither acceptance nor rejection of belief in any deity, personal or impersonal, or in a life after death.
- (h) The acceptance of any one ultimate criterion of right should not be made a condition of ethical fellowship.
- (i) Ethical Fellowships are the most powerful means of encouraging the knowledge and love of right principles of conduct, and of giving the strength of character necessary to realise them in action.
